EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

This application is in condition for allowance except for the presence of claims 33,37 and 39 to inventions non-elected without traverse. Accordingly, claims 33,37 and 39 have been cancelled.

Note to Applicants: Applicants' election without traverse in amendment filed December 13, 2004 in response to restriction requirement mailed November 11, 2004 was acknowledged and made FINAL in Office action mailed March 1, 2005. Applicants were informed that the election of SEQ ID NO: 18 was an election of a patentably distinct invention and not a species election. The Examiner provided on the record, in restriction requirement mailed November 11, 2004, that the selection of a single SEQ ID NO: does not represent an election of species (Page 4, line 8.)
